Bischof Style Show

## Fall Fashions

**F**OLLOWING the trend of the times Fashion has developed coats and suits along simple straight lines—no more elaborate flares, no "fussiness." But, oh, what attractiveness has been embodied in each and every garment by that famous designer, Bischof. You will be delighted with the new collars, for example—the "Duplex," the "Monoplane," the "Owl," the "Muffle Scarf," the "Kirby Kollar," etc. The new lines are exceedingly becoming. Come in and see them.

## A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

**Red Cross Notes**

Next Monday night, Oct. 15th, is annual election of officers. This meeting will be held in the opera house and is a very important meeting for this chapter. Some of the officers will have to be filled. Some now serving will not accept for another year, and much depends on how the people of Rockcastle shows interest in the organization for next term as to whether we have our hearts in Red Cross work, or whether it was only taken up as a new fad to be discarded when the novelty wears off. The women are standing by the knitting job nobly and it would be too bad for the men to be so indifferent as to let the work go down. So let everybody come out and take part in the election.

All those having work finished will please bring or send same in, as we wish to check up and see how much more yarn we will need to finish our consignment.

On last Friday our Chapter shipped 1 dozen sweaters, 1 dozen mufflers, and 2 doz. pair socks. We feel sure they will fill the requirements and be started at once on the journey to France where they will warm the bodies and cheer the hearts of our boys, when they make the dash for Berlin and the Kaiser. They are going to get him for they said they were.

Fannon with Mr. Winkler are the proprietors and the name of the concern will be the Livingston Coal Co., Incorporated.

Just for once, not to owe a cent?

How many times do you cross the street to avoid a creditor? Shiver every time the phone rings—afraid to go home—miserable everywhere.

How is it? "Hard luck"—is poor consolation—. Isn't it bad management—thoughtlessness—indifference?

**The PERUNA Family**

has three members you should know if you desire to enjoy life.

1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal difficulties.

2. The tablet form, which is made after the same formula and is more convenient for many.

3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit-forming drug, but is an aid to nature.

Your druggist has all three. So many thousands have received benefit from the use of one or both these remedies that they are a recognized part of the equipment of every careful household.
